

Weaver Homebuilders, Inc.

Weaver Homebuilders, Inc. is a residential building specialist with over 20 years of experience. Not only do we design and build custom homes to fit your style we also:

- Assist you in finding a lot in the area of your choice.
- Recommend financial institutions for your permanent mortgage.
- Can build from your own set of plans or you can choose a plan of ours.
- Are on the list as an approved builder of veterans handicap homes.

Weaver Homebuilders, Inc. is a family owned and operated business that takes pride in making your dream of owning a home come true. We have been incorporated since 1986 and are licensed, bonded, and insured members of the Augusta Home Builders Association. We also give a 10 year Bonded Builders warranty on all homes. We build homes in Richmond, Burke, and Columbia County. John Weaver, President of Weaver Homebuilders, Inc. comes from a large family of home builders. His father started in 1976 building and developing subdivisions in the Augusta area. Sheila Weaver, Vice President of Weaver Homebuilders, Inc. also has a father who owned and operated his construction business for over 28 years.

Weaver Homebuilders, Inc. takes pride in all of our work and makes customer service and satisfaction one of our top priorities. We realize building a home is a big step and we want to be there assisting you every step of the way. We hope that you consider us when buying or looking to build the dream home that your family deserves.

To activate your new limited home warranty, there must be a final "closing" on your home or unit. Upon closing, your builder or the closing agent must send a warranty coverage application with a check for the warranty fee to Bonded Builders Warranty Group.

WEAVER HOMEBUILDERS, INC.

Protecting the American Dream

Congratulations on your new home ... and on your choice in builders

The purchase of a beautiful new home is likely the largest investment you'll ever make. You want to entrust it to a quality builder.

But how do you know when you've found a builder you can trust?

Consider it done. As a select member of the Bonded Builders Warranty Group, we take great pride in all the hard work it took to get us there. And you'll have confidence in knowing you've selected a builder who can get the job done. And done right.

Our home warranty gives you peace of mind

By selecting a Bonded Builders Warranty Group builder, you'll take comfort in knowing that we've purchased a warranty for your new home. You're covered for workmanship, materials and system defects and major structural defects as defined in the warranty documents. The warranty also includes conciliation, with an over 95% success rate in resolving disputes without costly or time consuming arbitration or litigation.

Bonded Builders Warranty Group seeks out quality builders who have a sense of dedication toward building not just a beautiful new home or a great investment – but the American Dream. Because that's really what it's about. It's what you're working for. And it's why we're here.

Bonded Builders is run by people who know what it takes to build a fine home with quality materials and superior craftsmanship ... from the foundation to the rooftop. Bonded Builders has strict criteria that must be met before a builder is considered worthy of membership.

- Builders are thoroughly screened through the Underwriting Department
- Customer references are checked to establish long-term and across-the-board satisfaction
- Financial stability and business longevity are taken into consideration
- Finally, builders are rated on customer service and the speed with which they return to complete punch lists and take care of finalizing each job

The privilege of membership in Bonded Builders Warranty Group is extended only after they are satisfied that a builder possesses that special pride in workmanship, along with the financial means and commercial stability to provide the kind of quality and service that you deserve.

Before choosing a builder, make sure you see the Bonded Builders Warranty Group logo. It's your builder's written promise of quality construction and warranty performance. Because after all, we're protecting the American Dream.

And isn't that exactly what you are building?
